Service Documentation Module – Physical Therapy POC

The service documentation module will update to offer a revised physical therapy (PT) plan of care beginning Monday 5/4. Changes have been made to ensure an ‘other’ option is offered when possible as well as other improvements to align with practice and efficiency.

ELSSP and Access to ECATS

For Districts that have an assurance for services with the Early Learning Sensory Support Program for Students with Hearing and Visual Impairments, please make sure that you are providing those teachers with access to ECATS just as you would any other contractor. The ELSSP teachers need to have access to ECATS through your District in order to provide goals, progress monitoring updates, etc... for the student(s) they serve. Please expect communication from the ELSSP teacher within the next week regarding obtaining access.

For previous issues of the ECATS Monday Message, please visit https://ec.ncpublicschools.gov/ecats/monday_messages.
